SUBJECT: WORLD WIDE WEB: DISTRICT WEBSITE

The purpose of our district website will be one of the primary sources to maintain an open line of communication and to share timely information to our learning communities. In order to support the vision and mission of the School District, the District will create and maintain a website for the following purposes:

- a) A place to showcase innovative student and staff educational projects, presentations and learning experiences.
- b) A gateway to District and community resources and to educational websites.
- c) A means for the community to access District information.
- d) A means of “opening up” communications among students, District personnel, the community, and associated organizations.

Any commercial and/or promotional activity on the District website must be pursuant to authorization of the Board of Education and/or the Superintendent. Unauthorized use for commercial use may result in appropriate sanctions.

Regulations will be developed for implementing guidelines as to staff/student access and usage of the District website.
