

Robotics Club Proposal Form

Participation during COVID-19

2020-2021

All events will follow CDC, NYS DOH and NYSED guidelines. Assemblies, Large group Recognitions will be limited to 50 people with social distancing and mask guidelines. All participants must wear a mask or events will have to be held virtually.

Club Name: Onondaga CSD Robotics

Goal/Mission Statement:

Using the Vex Robotics platform to enrich and enhance STEM courses offered at OCS. To promote STEM activities in the lower grades by offering engineering day activities to elementary students. The mission is completed through STEM competitions throughout the State, promoting STEM in the community, acquiring event sponsors and engineering day activities

Date and Time of Meetings:

Practice: Sunday's, 12pm-4 pm in the tech house garage. Middle school and High School teams would need to meet at different times based on total student participation.

Competitions: TBD

Number of Participants (Including volunteers):

Due to COVID restrictions and the square footage of the garage there will be no more than 10 people at a time in the garage. If more participants are needed time slots will be granted to limit the amount of students in the garage at one time.

Health & Safety Precautions: Please list all of the health and safety protocols that you will be adhering to when meeting: (Please use the procedures and precautions from approved [OCS Guidance to Reopen Schools plan](#)).

1. Advisor certifying there has been no illness or direct exposure to COVID 19 from the participants in the last 14 days.
2. Students and staff will wear masks at all times. Everyone will be provided a mask if they do not come with one on. Gloves will be available for anyone requesting it.
3. Each student and staff member's temperature would be taken upon arrival by the advisor. If a temperature greater than 100.0, the person will be immediately isolated and arrangements for pick up will be made. Parents, staff and health department, when appropriate will be notified of illness.
4. Students would use hand sanitizer upon arrival and every time they exit the game board at a minimum. Hand sanitizer will be provided at all entrances of the tech garage, and around the game fields. Students and staff will be strongly encouraged to wash their hands/use hand sanitizer every hour.
5. Equipment will be cleaned with Oxivir Wipes or Oxivir Spray and stored individually for each student. Students will wear gloves when they have to build together, or teams will assign one builder as the other students watch and offer suggestions.
6. At all events, advisors and students will wear masks, as well practice social distancing when applicable to the activity. At all events spectators will be required to wear masks and social distance.
7. Janitorial staff will provide appropriate cleaning of the tech garage, bathrooms, classrooms and hallways per protocol after each competition and practice. Custodians will also resupply Oxivir Wipes or Oxivir Spray as needed.
8. The garage door and windows will be open for increased ventilation when temperatures are above 45 degree F.
